

Debasis Tripathy

Aspiring Full-stack web developer

Adaptable and responsible web developer capable of writing production-ready code using HTML5, CSS3, JavaScript, React.js on the front end and Node.js, and Express.js on the back end to build single-page applications. Looking forward to working in a fast-paced environment and playing a key role in a company's growth. Hope to work in a challenging environment as a specialized MERN stack developer.
